## MEMORANDUM

TO: ECU Fact Book Users

FROM: Robert Thompson, Director

DATE: April 10, 1995

SUBJECT: 1995-96 Fact Book

I am pleased to forward to you the latest edition of the ECU Fact Book.

Much effort is put into proofreading and double checking the fact book to provide you with consistent and accurate data. During your review of the fact book, please do not hesitate to call to our attention any errors you may find.

In the front of each Fact Book is an evaluation form. You may use this form to let us know what you think about the Fact Book and its overall usefulness. If you have any questions or concerns or need additional copies for your department, please contact Renee Jarvis at 1439 or email to IRJARVIS. Thanks!

# PREFACE

The East Carolina University *Fact Book* is an annual publication that provides a ready source of information to answer frequently asked questions about the University and its operations. It contains a broad spectrum of information about the past and present, and its primary purposes are to promote organizational understanding and to inform decision making. Some of the information presented in this annual edition is taken from administrative reports produced by various university offices.

This 1995-96 version contains many tables and graphs which will be helpful to administrators, faculty, staff, students, alumni, and other university constituents. The Office of Planning and Institutional Research, in its on-going effort to provide timely management information, will continue refining this document each year and welcomes your comments and suggestions for improvement.

# History Of East Carolina University

Chartered by the North Carolina General Assembly on March 8, 1907, the institution has moved in a rapid and orderly transition from a two-year normal school to a four-year college to a major comprehensive university whose outreach now transcends its regional origins.

On October 5, 1909, East Carolina Teachers Training School began its first regular session; during that year 174 men and women students were enrolled. The first class to graduate from the two-year normal curriculum received its diplomas on June 6, 1911.

The institution was authorized by the General Assembly in 1920 to institute a four-year teacher education curriculum and to confer the baccalaureate degree upon its graduates. The Board of Trustees proposed in 1921 that the name be changed.

East Carolina Teachers College was authorized in 1929 to initiate graduate programs, and it conferred the first Master of Arts degree in 1933. The college was charged in 1941 to plan for a liberal arts program.

To reflect the institution's expanding academic commitments, in 1951 the name was changed to East Carolina College. As the fastest growing educational institution

in North Carolina, by 1960 it had become the state's third largest institution of higher learning.

During the expansion of the sixties East Carolina was reorganized to reflect the structure of a comprehensive university. In addition to the College of Arts and Sciences, the Graduate School, and the General College, seven professional schools were established. In 1967 the General Assembly authorized university status. Thereafter East Carolina University continued its academic advancement and extended its services to address regional and national challenges.

In 1971 the General Assembly restructured public higher education in North Carolina, making the University a constituent member of the University of North Carolina. The charter class of the four-year medical school enrolled in 1977. In 1979 the University was authorized to develop five Ph.D. programs in sciences basic to medicine. East Carolina University awarded its first Ph.D. degree in 1983.

The University presently consists of seventeen departments within the College of Arts and Sciences, eleven professional schools, the General College, the Graduate School, and the Division of Continuing Education.

Notes: Tenured and on-track faculty include personnel who are partially on leave without pay for grants or other activities.

This table's "total faculty counts" differs from other tables due to the inclusion of temporary faculty and faculty in administrative positions.

Nursing and Allied Health faculty and administrators are included in this table's totals. Only SOM is excluded.

Selection Criteria = a) currently employed b) EPA c) coded as faculty or administrator d) rank either Professor, Associate Professor, Assistant Professor, Instructor, or Lecturer e) rank modifier = None, Distinguished, Clinical, Research, Librarian, Visiting, Visiting Distinguished, or Visiting Librarian.

Faculty headcount and FTE do not include ROTC faculty.

Totals may not be exact due to rounding.

Notes: Tenured and on-track faculty include personnel who are partially on leave without pay for grants or other activities.

This table's "total faculty counts" differs from other tables due to the inclusion of temporary faculty and faculty in administrative positions.

Nursing and Allied Health faculty and administrators are included in this table's totals. Only SOM is excluded.

Selection Criteria = a) currently employed b) EPA c) coded as faculty or administrator d) rank either Professor, Associate Professor, Assistant Professor, Instructor, or Lecturer e) rank modifier = None, Distinguished, Clinical, Research, Librarian, Visiting, Visiting Distinguished, or Visiting Librarian.

Faculty headcount and FTE do not include ROTC faculty.

Totals may not be exact due to rounding.
